November December 2014

Hello Fellow Realtors:

It is an exciting time at your Board of Realtors and I am looking forward to serving as your President for the upcoming year. I would like to thank the entire Board of Directors for their service and a special thank you to Rita Blenker for service as your President this past year. Not only does Rita do an unbelievable job with our RPAC fundraising, making our board the second highest in fundraising per capita, but she also has increased participation in our Board and grown our committees, which is essential in creating a strong Board.

Our industry faces many challenges but rest assured your board is working to protect you. The National Association of Realtors has enacted Core Standards that every Board must comply with by June 30, 2015. If you attended the annual meeting or the installation banquet you have heard me talk about this. These 5 standards are Advocacy, Consumer Outreach, Unification, Technology and Financial Solvency. Our Board does a really good job already but you will see a few changes. The intent is to make our Board the voice of Real Estate in our area. NAR has enacted these standards to enhance the Realtor Brand and to remain strong as we face our challenges.

A few other changes that you will see will be the ability to pay your dues right on our website and also we will be updating the Central WI Addendum A that is currently found on zip forms. I encourage you to contact me if you have any questions or if you would like to participate in any committees at the Board level.

Happy Selling,

Brian Slinkman
