

INDIVIDUAL IDX RETS FEED

For a program fee (see below) CWMLS will build a RETS feed containing only your listings (or your offices listings) to be provided to home search websites. Some of the benefits of using an individual feed as opposed to uploading your own listings to different websites are that this will save you time and also increase your rate of accuracy.

A CWMLS licensing agreement will need to be completed for each website that you participate with.

The FULL CWMLS RETS feed is still available to all CWMLS members, free of charge, to be used for personal company websites.

Contact CWMLS for more information cwmls@cwbr.org .

INDIVIDUAL RETS FEED PROGRAM FEES:

One-Time Set up Fee:	\$40
Annual Fee:	\$20
Additional Site Annual Fee	\$5/per additional site
